Candidate Handbook

For the Certified Anti-Money
Laundering Specialist Examination

Why Earn CAMS?

The Certified Anti-Money Laundering Specialist (CAMS) designation denotes a superior level of understanding of international AML/CFT principles. Passing the CAMS examination distinguishes you as an AML/CFT authority and helps mitigate institutional financial crime risks. Internationally renowned and accepted, world governments acknowledge the CAMS Certification as the gold standard in AML/CFT compliance. Those who earn the CAMS designation reap multiple benefits, as increasing their professional value through better understanding of financial crime detection and prevention techniques, protecting their institution from money laundering threats and minimize financial crime risks, meeting mandated AML training requirements through preparation and study, and proving their AML expertise to examiners and regulators.

The CAMS credential:

- Demonstrates to examiners that your institution has specialized knowledge in the AML field. CAMS is recognized as the benchmark of AML certifications by regulatory agencies and the financial services industry.
- Can help your organization minimize risk. Having a CAMS-certified team ensures that your colleagues share and maintain a common level of AML knowledge. Studying for the examination also offers guidance in designing and implementing tailored AML programs.
- Upgrades your staff's skills. The exam preparation and continuing education required to maintain certification ensures your employees' skills remain sharp and their knowledge current. Having a CAMS-certified team lends tremendous credibility to your AML program, thereby enhancing your commitment and diligence in the eyes of regulators.

CAMS Recertification Policies

The purpose of the CAMS recertification process is to ensure that Certified Anti-Money Laundering Specialists continue to maintain and enhance their anti-money laundering expertise. Therefore, CAMS professionals are required to earn recertification credits through training, education and other professional development activities as outlined below.

Recertification Requirements

In order to recertify the CAMS credential, you must meet the following requirements:

1. Maintain an active ACAMS membership
2. Meet the recertification credit requirements
3. Submit an online application with the appropriate renewal fees

Recertification Credit Requirements

- A total of 60 recertification credits must be accumulated within a three-year cycle.
- A minimum of twelve (12) of the total credits must be earned from ACAMS-provided training.
- Applicants will not be granted recertification credits for activities completed prior to obtaining their CAMS credential or their most recent recertification.
- Additional credits earned past the required 60 cannot be rolled over to the following cycle.
- The deadline for earning recertification credits is December 15 of the year of your recertification.

ACAMS Credits

ACAMS Credits are earned from ACAMS-hosted activities such as virtual classrooms, webinars, events, chapter, certificates, and certifications. These are tracked and added automatically to our members' profiles.

Non-ACAMS Credits

These are earned from any source other than ACAMS. These are not added automatically to members' profiles. Instead, members are responsible for providing their proof of participation to ACAMS. The criteria for an external activity to count for non-ACAMS credits is outlined below:

- Be related to the subject matter; AFC-AML/CTF, Sanctions, etc.
- Meet a minimum of one hour of continuous learning.

- Provide proof of participation after completion. All documentation submitted to ACAMS needs to clearly state the participant's name, the training's title, date, and the number of credits.
- Be completed before the end of the recertification cycle.
- The activity must be synchronous. No asynchronous activities will be accepted.

Deadline for CAMS Recertification

Recertification applicants are required to submit both a completed CAMS Recertification Application and the associated fees postmarked no later than December 15 of the third year after receiving their initial certification or their most recent recertification. A late fee of US\$50 will be applied to all applicants who miss the December 15 deadline and will be accepted for only 90 days after the deadline.

Documentation

Applicants do not need to include supporting documentation along with the recertification application; however, they are advised to retain original copies of their supporting documents in their files in the event that ACAMS should find it necessary to audit their records.

Recertification Audit

The ACAMS audit process has been created to ensure ACAMS certified individuals have complied with their recertification requirements.

Audits are performed for every recertifying class. ACAMS will notify selected audit candidates advising them of the processes.

CAMS Recertification Policies *continued*

Recertification Fees

| Early Application fee | US\$200 | Application and fee must be postmarked no later than October 1. |
| Regular Application | US\$250 | Application and fee must be postmarked no later than December 15. |
| Late Application | US\$300 | Application and fee must be postmarked no later than March 31. |

ACAMS will not accept late recertification applications postmarked after March 31. Checks, credit cards and wire-transfers are acceptable forms of payment.

- Those who fail to recertify by the late application deadline of March 31 will have their certification revoked.
- Those who fail to maintain an ACAMS membership will have their certification revoked.

Membership Status

Recertification applicants must maintain an active ACAMS membership over the 3-year period in order to recertify.

Recertification Fee

Fees must be submitted by the deadlines indicated and are non-refundable. Recertification fees are subject to change without notice. Recertification Cycle

The recertification cycle is the three-year period from the time an individual receives their certification or from the date of their most recent recertification.

Application

Please complete the online application [here](#). Allow 5–7 business days from the time ACAMS receives your application for review and notification. Applications submitted near a deadline (e.g., October 1, December 15, or March 31) may take longer to review due to the higher volume of recertification applications received.

Late Application Policy

After the Late Application deadline of March 31, a member must take the CAMS examination to obtain the CAMS designation. Exceptions will only be considered if they are due to a documented extenuating circumstance as described below under the section labeled "Extensions."

Extensions

Occasionally, extenuating circumstances—such as prolonged unemployment or serious illness of the applicant or a close family member (e.g. spouse or child)—may prevent an individual from meeting the required credits of recertification over a three-year period. One-year extensions of the recertification deadline can be requested in such circumstances. The extension can be used only once during a member's recertification career and must be approved at least three months prior to the first recertification deadline (October 1). The fee to request an extension is US\$100. Members may also choose to recertify by examination on or before their recertification deadline. Examples of who may be eligible for an extension:

1. Members who have been out of work for at least one year of the three-year recertification cycle due to being laid off or child birth/childcare.
2. Members who have spent a significant amount of time caring for a seriously ill family member or who have suffered serious illness themselves.

CAMS Recertification Policies *continued*

If the extension is approved, the recertification expiration date will be extended for one year allowing enough time to accumulate the necessary recertification credits. At the end of that period, members will be required to submit a completed recertification application form demonstrating that they have successfully met the recertification requirements. The full recertification application fee is also due at that time. Upon successful recertification, the new three-year recertification cycle will begin at the end of the extension period.

To request an extension, the following documents must be submitted at least three months prior to the first recertification deadline (October 1):

1. A written request for extension providing a description of the extenuating circumstance should [contact us](#).
2. Documentation of the extenuating circumstance. This may include a letter from a physician, notice of termination or receipt of unemployment benefits.
3. The extension fee of US\$100.
4. A completed recertification application demonstrating the efforts made to meet the recertification requirements.

Extension Non-Eligibility

Members who have not accrued the required recertification credits by their deadline date or have lapsed a recertification cycle are not eligible for an extension.

Lapsed Certifications

Members who do not submit an application within three months after their recertification deadline (March 31) will be considered no longer certified and must immediately cease using the CAMS designation. To become certified the candidate must purchase the CAMS certification package and retake the exam.

Recertification by Examination

Those who opt to recertify by examination must submit a written request with payment by the Regular Application deadline (December 15). The cost to retake the exam is US\$299. This fee is subject to change without notice. Applicants who submit their paperwork without the appropriate payment amount will be invoiced the difference and will remain unprocessed until the amount is paid in full. Fees can be paid by credit card, wire transfer, or by check made payable to ACAMS. Please do not send cash. The applicant's name and company must appear on all payments made by check. This fee is non-refundable.

Applicants do not need to submit a new examination form for this option.

Reminders and Application Submission

Members should keep track of their recertification cycles and submit a completed application on or before their recertification deadline. As a professional courtesy, ACAMS will send at least two reminder e-mails to all members before the end of their recertification cycles: one approximately six months before the expiration date and the other approximately three months before the recertification deadline. **ACAMS will send the reminders to the e-mail address on file; therefore, it is important to make sure you notify ACAMS of any changes.** Recertification cycles and submission requirements will not be changed because a member did not receive reminders that were sent to the address on file.
